**Marine Fisheries Advisory**

**WHITE SHARK'S MOVEMENTS REQUIRE STRICT ENFORCEMENT OF  
SAFETY ZONE AROUND NAUSHON ISLAND**

As of Thursday, September 30<sup>th</sup>, the shark continues to reside in waters of within Naushon in a section known as the Southwest Gutter. Residents and *Marine Fisheries* biologists reported seeing the white shark north of the bridge (north of Southwest Gutter) late on Wednesday, September 29<sup>th</sup>. The ability of the shark to expand its range throughout waters around Naushon Island demonstrates the need for strict enforcement of the safety zone established by Director Diodati and the U.S. Coast Guard. This zone is warranted to ensure the safety of the shark and the public, and permit *Marine Fisheries* personnel ability work with the shark without interference.
